MEMORANDUM FOR:

THROUGH:

SUBJECT: Hainan SIGINT Facilities, China

REFERENCE: NPIC No. NSA/SOC/R-109/69
NPIC Project No. 250362

1. In response to the referenced requirement, a search of all available photography subsequent to [] was conducted within a ten nautical mile (nm) radius of the geographic coordinates indicated in the reference for evidence of electronics facilities. The previously reported Lingshui suspect SIGINT facility, the Lingshui AD headquarters radar facility, and the Haikou radio broadcast station were observed with no apparent change. No other electronics facilities were observed.

2. The Yulin, Lingshui, and Haikou areas were covered by photography; however, the Baotung, Tuling, and Yingkohai areas on the southwest coast of Hainan Island were not adequately photographed during the specified period and it was not possible to completely search the requested ten nautical mile radius.

3. Suspect road patterns and clearings were noted on three peninsulas in the vicinity of Yulin, but no electronics facilities were observed. These promontories--geographic coordinates listed below--are well situated as potential radar sites.
